An Important Notice About Watch Hill Road/ Sniffen Mountain Road and the Paving Project

To Our Cortlandt Residents,

We apologize for the state of Watch Hill Road and Sniffen Mountain Road. The Town Board and I agreed to pave both of these roads, after the Con Edison gas line project and work in 2014. Con Edison will pay back to the Town of Cortlandt for the paving on their portion of the road that was broken up due to their project.

The Town has a blacktop company that we went out to bid and was voted on by the Town Board. They were going to begin paving last week, however, they discovered some settling areas of the gas line project that have to be filled in before any pavement can begin, otherwise we could possibly lose the paving costs if they are not repaired.

That is why there has been a delay. The milling, taking up of the old pavement, began prior to detecting these settling areas. All areas will be repaired and I've been assured that paving will resume and be completed no later than the second week of June.

We are sorry for this inconvenience and thank you for your patience and understanding.
