

Energy Efficiency & Alternative Energy for Your Home

APRIL 20, 3:00pm

Hendrick Hudson Free Library, 185 Kings Ferry Rd Montrose, NY

How much energy is your house wasting?

A panel of area experts will answer questions about energy efficiency & alternative energy for your home in 2013:

- how can I stop wasting 20-40% of the energy I purchase?
- what alternative energy works in our area?
- what upgrades have realistic payback?
- what incentives exist to help pay for it?
- how to get the right evaluation?

How much energy are you generating?

AGENDA

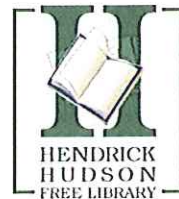

3:00 pm: Panel Discussion moderated by Cortlandt Green Team and Energize NY.

3:45 pm: Energy Gallery.

- Browse information tables.
- Ask questions directly to certified and approved efficiency contractors and solar professionals about options for your particular home.
- Energize Application Assistance: ready to sign up for a comprehensive home energy assessment? Please bring a copy of your energy usage history. The easiest way to get this is to call your utility providers (electric and heating fuel) and ask to be emailed or mailed a one page 'utility delivery history' (kwh or gallons) on company letterhead. Questions? Call Energize at [\(914\) 302-7300](tel:9143027300) www.EnergizeCortlandt.org

Who should attend? Owners of single family to 4 unit residences, including townhouse style condos

Sponsored by Cortlandt Green Team, Town of Cortlandt, Hendrick Hudson Free Library and Energize NY:

RSVP requested. Email Judi Peterson at judip@townofcortlandt.com or call [\(914\) 734-1002](tel:9147341002)
