

OPERATION SAFE STOP

April 16, 2015

The Hendrick Hudson School District along with other school districts throughout the State will be participating in *Operation Safe Stop*.

It is estimated that 50,000 drivers DO NOT stop for a school bus's red flashing lights each DAY. Police agencies have been notified within our district's boundaries and asked for their help. Police cars will be following our buses and or sitting in places that our drivers have deemed unsafe due to passing motorists.
