About Us

Energize NY is a community-based energy efficiency program operating within the Energy Improvement Corp (EIC), a New York State local development corporation. Our core mission is to provide energy efficiency and renewable energy benefits to New York property owners that help them save money and reduce energy waste in their buildings. Energize NY provides direct support, tools and PACE (Property Assessed Clean Energy) financing to help building owners access existing New York State Energy Research and Development (NYSERDA) energy efficiency and renewable energy programs.
