## **Notice**

*November 4, 2022*

Please be advised, as part of the water main replacement project along Croton Avenue, the Town of Cortlandt will be temporarily shutting off water service at the main at the intersection of Croton Park Road and Redwood Street on Monday November 7, 2022 starting around 9:00 am. It is anticipated that the water service will be turned back on in the early afternoon hours...hopefully, sooner. The water shut off is necessary in order to tie in the new water main to the existing main in Redwood Street.

After the water service is turned back on you may temporarily experience some discoloration in the water. Please run the water until it turns clear and prior to doing laundry.

We apologize for any inconvenience this may cause.

If you have any questions please do not hesitate to contact the Town of Cortlandt Engineering division at 914-734-1060. For after hour water emergencies please do not hesitate to contact the Water Department at 914-734-1026.

Thank you.
