ANN LINDAU
JOHN E. SLOAN

NOTICE

At the regularly scheduled Cortlandt Town Board Work Session of Monday, September 23, 2013 at 7 p.m. in the General Meeting Room at Town Hall there will be a presentation to the Town Board and community from a company, West Point Partners, LLC to discuss their proposal for an underwater electric transmission cable linking resources from northern and western New York with electricity consumers in the New York City area. West Point Transmission starts south of Albany and ends in the Cortlandt area (Verplanck/Buchanan) as per their proposal.

This as always is a public open meeting and after the company's presentation and Town Board questions/comments there will be an opportunity for the public to ask questions and make their statements.

For further information regarding the West Point Partners project go to www.westpointproject.com. This meeting is not a public hearing; it's a Town Board Work Session meeting to discuss important topics in our community and government.

Thank you,

Linda D. Puglisi
Supervisor
