Honorable Linda Puglisi
Supervisor, Town of Cortlandt
1 Heady Street
Cortlandt Manor, NY 10587

Dear Ms. Puglisi:

Thank you for your letter requesting funding assistance for the Westchester Lake Dam NYSDEC ID#213-0412 situated in the Town of Cortlandt, Westchester County.

We fully understand the challenges associated with maintaining and repairing aging infrastructure. At this time, we are fully programmed and unable to provide funding assistance. We encourage the town to continue to work with New York State Department of Environmental Conservation on identifying potential fund sources.

If you have any further questions or would like to request a letter of support for a funding application, please feel free to contact our Regional Planning and Program Manager, Ms. Sandra Jobson, at (845) 431-5723.

Sincerely,

Lance MacMillan, P.E.
Regional Director
