Re: Complaint # 20180058

Gentlemen:

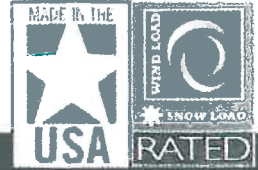

Please be advised that per Ordinance Code 307-66-SI and in accordance with your resolution instructions, we have removed all rock salt from our outside storage bins.

We are also requesting the Planning Board for approval for covering the outside storage bins.

Respectfully,

Cary Rooney  
Store Manager  
Central Turf & Irrigation Supply – Mohegan Lake

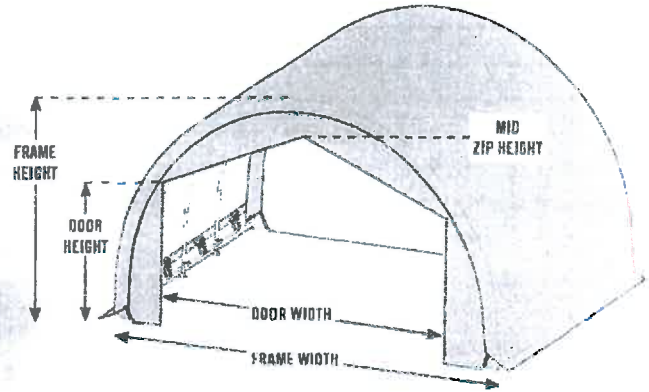

# SHELTER

## 26' Wide ROUND

Representative image only. Building sizes vary.

Galvanized Steel

We use galvanized ASTM A500 Grade B/C **USA manufactured carbon steel** for ultimate durability and superior strength. Certified ASTM A653/A653M for ultimate corrosion resistance.

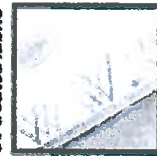

ShelterLock

Patented **ShelterLock** Stabilizers at every purlin connection prevents racking and adds rock-solid strength and stability to frame.

Ratchet Tite

Our **Ratchet Tite** Tension System for cover and end panels help square up the frame while keeping the cover smooth, tight, and neat-looking.

UV treated fabric

Advanced engineered, commercial grade **cover material** is UV treated inside, outside and in between with added fade blockers and anti-fungal agents. Made to stand up to the elements.

Custom lengths available in 5' increments.

2 7/8" Pipe Diameter.

Easy Hook™ anchors (2 per rib)

Triple zippered front door panel

Alternative anchors sold separately

\* Wind and snow loads are given for reference only and assume a securely anchored frame according to local building codes and ordinances. These have been calculated using combined snow and wind provisions in accordance with the following codes:  
 United States: IBC 2009 / ASCE 7-05  
 Canada: NBCC 2015

These calculations are based on an unoccupied, fully enclosed building. Local building code requirements vary by local jurisdiction. Conformance to local codes is the responsibility of the purchaser.
