Dear Chairperson Taylor:

V.S Construction Corp. has requested the Town Board consider a modification to the Town zoning code which would allow rock crushing on a limited basis within the M-1A zoning district. The Town Board will be considering this request next month, and their determination will have an impact on site plan presently being considered by the Planning Board.

Please adjourn the V.S site plan application pending a determination by the Town Board on the matter of limited crushing at this location. Should you have any questions or require any additional information, please call.

Sincerely,

Daniel A. Ciarcia, P.E.
